

Dear colleagues and fellow insurance medicine professionals,

You are registered at the website of ICLAM because you attended one or more of the ICLAM Congresses in 2007, 2010 and 2013. Or because you registered yourself on your own.

At the last triennial meeting ICLAM changed the statutes. We opened up ICLAM membership to all insurance professionals. Membership is free of charge and will give you certain benefits. See <https://www.iclam.org/?q=node/2> for a list of benefits. The benefits include extra service at the ICLAM Congresses, the possibility of becoming a member of one of the portfolio committees (PFC), and the ICLAM Newsletters. Membership is open to all insurance professionals interested in medical underwriting and claims assessment.

The most interesting benefit of ICLAM membership is no doubt that the presentations of the ICLAM Congress 2013 in Madrid will be accessible for ICLAM members on <https://www.iclam.org/?q=node/143>, starting New Year's Day 2014 : in 5 weeks. For non-members the presentations will be accessible one year later, in 2016. So don't wait and join ICLAM.

For information about the programme and lectures of ICLAM 2013, see:

<https://www.iclam.org/?q=node/57>

If you want to get access to the presentations, you will have to become a member first. To apply for membership go to:
